Project

Project WARRIOR (Woman Against Rape Robbery Injustice Oppression Rage)

- Contributed in the project WARRIOR within my group.
- The group was assigned the task to create the Android based app.
- Responsible for testing the app with integrated scenarios and identify bug fix before launch of app.
- The app was integrated with various scenarios that can facilitate all females in case of any emergency. Some of the scenarios are:
 - Automatically send the location to customized contact at specific interval.
 - Assist user by sharing all the emergency and customized emergency numbers on tip of finger.
 - Integrated a feature where SOS messages can be sent without even opening the app, by pressing power button twice.

Accomplishments

- Participation in NCC camp during the year 2018 and 2019.
- Organized blood donation camp on the event of Independence day, 2019.
